8 tips to keep your dog calm

WALK YOUR DOG: Before dusk to tire them out

SHUT OUT THE OUTDOORS: Close blinds and curtains

CREATE A DEN: Make somewhere comfy and safe they can hide in

TRY CALMING PRODUCTS: For example the MPS-TOP Shirt or seek advice from your veterinary practice

DROWN OUT THE NOISE: Turn up the radio or TV to mask the sound

KEEP THEM BUSY: Get your dog a new treat or toy, a frozen KONG might help!

SECURE ALL EXITS: In the home and garden, a scared dog may try to escape

ENSURE THEY HAVE AN I.D. TAG and microchip details are up to date in case of escape

It is believed by many experts that gentle constant pressure on the core of the dog has a dramatic calming effect if anxious, fearful or over-excited.

MPS-TOP Shirt 4 in 1®

An ideal solution for wound protection providing comfort after surgery whilst allowing freedom of movement. It can also be used for anxiety management. Manufactured using a soft double layered cotton fabric around the body and breathable stretchy cotton/lycra with reinforced cotton bands on the front. The adjustable closure around the chest makes fitting effortless.

Applications:

- **Anxiety management:**
 - Offers a gentle pressure around the chest thanks to the adjustable closure with an elasticated lower band; This pressure has a calming effect on most animals
 - Helps to reduce issues with barking, travel, fireworks or separation without the use of sedatives
- **Protection of wounds, bandages / in cases of skin diseases:**
 - Protects wounds and bandages specifically around the chest, shoulders and neck
 - The open hole at shoulders may be used to pass an IV-Line
 - Minimises injury to the skin due to scratching, licking or biting
 - Prevents medication being licked off the skin
 - Especially useful for procedures such as knee surgeries when combined with the MPS-HLS Hind Leg Sleeves
- **Attachment of MPS-HLS Hind Leg Sleeves (purchased separately):**
 - Keeps hind leg sleeves firm in place with the integrated loops on the rear side
- **Device holder:**
 - Closable pocket on back (size 12 x 9 x 3cm) to hold portable devices
